

Trust You Deep

Copyright April 20, 2008 Jonathan Reuel (for Trust Transfer project)

Place me on the way
Take me all the way
I've got this feeling today
And this empty place
I need a prayer to pray

I want to love You more
I want to get Your heart
I'm knocking on this door until you show me in
and help me open up

**Cause I've seen Your light
Reshape my life
And if You helped me there
I can trust You here until this trust is sight**

Call me out to You
I'm tired of calling You
I'll do the things You do because you call me to
You say to follow You

You're over everything
I live inside Your dream
This kingdom needs a king
Your words are waking me
And changing everything

To trust
Your love
Jesus
To trust You deep, Jesus
